Official Police Security Initiative

...and let the light flood in

Discover the world around you

with stunning bi-fold doors...

Doors and More's bi-folding doors are the ideal way to maximise extra space and connect inside living to the outside world.

All of our doors are manufactured to the highest quality standards using best grade materials. The Ultimate is also the first bi-folding door to be granted Secured By Design status, the Police's highest security accolade, meaning that householders will no longer need to sacrifice style for security.

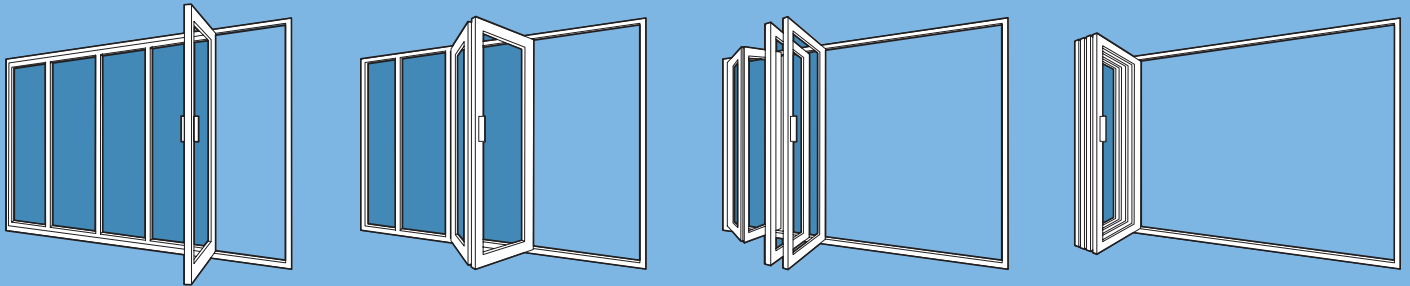

Indeed, Doors and More's bi-folding doors can create a whole new feel for your home, linking rooms together and seamlessly joining inside living with outside space. Versatile and aesthetically pleasing, bi-fold doors are the ideal replacement for existing patio or French doors to flood any room with natural light.

Amazingly flexible, bi-fold doors can be fully opened, partially opened or totally closed, depending on the amount of space required.

Once fully opened, doors stack neatly to one side creating valuable new space and open plan living.

With easy access in summer and a wonderful view in winter, bi-fold doors add light and air all year round.

Features and benefits

The unique design of Doors and More's bi-fold doors means both cill and track are incorporated into the threshold, which results in a reduced frame height for improved aesthetics and a smoother operation of opening and closing.

Other key features and benefits include:

- Slimline UPVC
- Strong aluminium sub-frame and tracking system
- High performance weathering
- Broad range of door configurations
- Choose from 2 to 6 door panels
- Internally beaded

Aesthetically pleasing and robust, bi-fold doors are stylish and secure

Reduced threshold for lower step-over and ease of operation

Choose a finish that makes your home say something to the outside world.

A variety of finishes are available to complement your home including white, woodgrain and a range of solid colours.

Golden Oak Mahogany Rosewood

Doors are at the heart of your home's security, and we design our products to ensure the visitors to your home are only the welcome ones.

Our Ultimate bi-fold doors incorporate a range of enhanced security features and have been independently tested to meet the exacting requirements of the Police's crime prevention initiative, Secured By Design.

A uniquely designed, multi-sash locking system with fully retractable hooks, kite-marked cylinders and low level keep plates provides ultimate security, giving you the best possible protection and peace of mind.

Other benefits include:

- Hardware components fixed to continuous lengths of reinforcement, further improving the sash stability and operation.
- Quadruple weather seals on all sashes gives improved weather performance, making them draught free and energy efficient.

So confident are we that our bi-folding doors are the most secure on the market to date, that we are offering an unrivalled 10-year security guarantee. Please ask your installer for more details.

“Doors and More's bi-fold doors not only act as a barrier, but enhance the look and character of your home.”
